Hi Mike,

Hope all's well. I wasn't sure if you were aware that I had shared your work concerning the Washington Works sampling data with Andy Lindstrom last September. Please let me know if you have any questions.

Roger

Andy,

Attached is a trend analysis conducted by Mayek (Mike) Mavi. I didn't see any PII in his report. I plan to meet with Mike sometime in the next few weeks to more fully understand his analysis. I suggest that if you have any questions, you contact Mike directly at email or phone number provided below. Will talk with you after I return from travel.

Roger

Good morning All,

Here is the draft report of the newly created GIS application for Chemours PFOA concentrations in WV and OH drinking water. Most of the works are directly done on the application itself, and I recommend to have the application opened before reading the report.

Ex. 6 Personal Privacy (PP)

Thank you.

Respectfully,

Mike
